

## **In Space** (Song Lyrics)

When I was young and unafraid  
I used to walk holding my braids  
Finding out new ways to see the water.

And even though my mom she said  
Hold on now don't you go  
I had no way of knowing, I'm just a daughter.

She said you can take your time,  
I'm in no hurry it's in your mind  
Relax, oh just sit back and watch the tide.

(Chorus)  
Don't leave me in space  
Cause I'm afraid of the darkness  
We have tried to open  
Our minds to the thoughtless  
I can't breath  
Cause you pulled me into the deep,  
Don't leave me...
